

NEW TRANSFER PLAN

Universal Exchange and Half Fare for Children.

The first step in the fight by the Chamber of Commerce for universal transfers and half-fare street railway rates for school children was announced yesterday by the committee on law and legislation of that body. A. Lefkowitz, chairman of the committee, announced that the draft of a proposed bill requiring these concessions by street railways operating in the District has been prepared and is ready for presentation to his committee at the meeting on Monday.

The drafting of a bill was directed by the Chamber at its April meeting, following the adoption of a resolution presented by Charles W. Darr. The draft is assured of favorable consideration by the committee.

Goes to Committee.

The draft which Mr. Sinclair will present to the committee provides that all street railway companies operating within the District of Columbia shall issue free universal transfers, interchangeable from the line or lines of one company to the line or lines of another, which shall be good at all points of intersection in said District, on all intersecting lines; provided that the companies shall have the right to stipulate that such transfers shall be used only in continuation of the trip on the line for which they are issued, to prevent passengers from traveling from one point to another and return on one fare, and provided that the companies shall not be required to issue a transfer on a transfer.

Taking up the financial end of the plan, the bill provides that in the adjustment of their accounts resulting from the interchange of transfers, which shall be made by the companies, the street railway companies shall prorate the amounts due on a mileage basis, according to the length of the lines which are involved in each particular transfer, upon the assumption that the transfer was used from the point of transfer to the end of the line, and the line which issued the transfer shall be entitled to a prorata on mileage from its initial point to the point of transfer, and the other line from the point of transfer to the end of its line.

The clause relating to the carrying of school children does not restrict the hours during which the half-fare rate shall be applicable. It was thought possible this might be done, although Mr. Darr's original resolution mentioned no such restriction. It is possible this change may be made in Mr. Sinclair's draft by the committee at the meeting on Monday.

As the draft now stands, it is provided that all street railway companies shall carry all children attending the public schools at a rate of fare not exceeding 2 cents for each passenger for one continuous ride to any part of said District, and shall sell tickets to children at the rate of twelve tickets for 25 cents, and shall issue free transfers thereon; that on and after the passage of this act all street railway companies operating within the District of Columbia, shall carry all children under the age of six years, accompanied by their parents or guardians, as passengers, to any part of said District free of charge.

Every officer or agent of any street railway company violating any of the provisions of this act shall, upon conviction, be punished by a fine of not less than \$10 nor more than \$100 for each offense.

HINES TO EXPLAIN IN LORIMER PROBE

Will Deny Charges of Aiding Senator's Election.

Chicago, April 14.—Edward Hines, with a corps of detectives and lawyers, finished to-night the compilation of a record of bank accounts, letters, telegrams, and documents from his personal effects, which he expects will explain his every action at and about the time of the election of Senator Lorimer and absolve him of any charges which might be brought as a result of that election.

Hines has informed Chairman Helm of the senate investigation committee, that he is ready to appear and disprove the charges made by Clarence S. Funk, general manager of the International Harvester Company, and substantiated by Herman Hettler and other witnesses. More mystery was thrown on the Lorimer affair when Gov. Charles S. Deneen suddenly appeared in Chicago to-day on route on a hurried trip to Washington. Following on the heels of a conference between Senators Lorimer and Cullom, and rumors that Lorimer was about to resign, the visit of the governor to Washington at this time is taken as significant.

Ex-Senator Aldrich, of Rhode Island, and Representative Serrano E. Payne, of New York, may be asked to give the Senate committee that is investigating the election of Lorimer to the Senate affidavits to corroborate or rebut the testimony given by Edward Hines, millionaire president of the Edward Hines Lumber Company, several weeks ago.

This contingency arose after Herman H. Hettler gave the committee the gist of his conversation with Hines on the day Lorimer was elected. Hines said in substance that he was called to Washington by Payne and Aldrich, and told them that Hines was in favor of the election of Lorimer because he needed his vote on the tariff bill.

DIES OF HIS INJURIES.

John L. King, Machinist, Succumbs at the Emergency Hospital.

Succumbing to injuries sustained on April 13 last, when he was struck at Pennsylvania avenue and Sixth street by a car, John L. King, a retired machinist of the Navy Department, died at Emergency Hospital last night. King had been recovering consciousness after being taken to the hospital.

King was retired from the navy after fifteen years' service on account of disability. He is survived by his wife, two sons, Albert and Joseph King, and one daughter, Miss Marie King, who live at 106 A street southeast. Funeral services will be held to-morrow afternoon.

PASSOVER CANTATA GIVEN.

A Passover cantata was given last night at the quarter of Eighth Street.

Temple in place of the lecture usually given in connection with the regular services of the Feast of the Passover. The service preceding the cantata was conducted by Rabbi Simon and Stern. Following the rendition of the music, Rabbi Simon was so pleased with the good work of the singers that he announced it would be the beginning of a series of special concerts to be given by the quartet.

WEEKLY REVIEW OF TRADE

Weather Conditions Cause Slow Trade Movement and Speculation Much Depressed as Result.

New York, April 14.—Bradstreet's review of the state of trade to-morrow will say:

"Requirements incident to Easter week have caused some expansion in retail trade, but the turnover has been below expectations. Throughout a large part of the country weather conditions, which have been too cool, rainy, or windy, have militated against anything like an active movement. At the same time untoward conditions, inactive trade, lack of steady employment, and curtailed profits, affecting one or the other of the diverse chains of commerce and industries, seem to restrict the purchasing power of the public.

"Country roads are now breaking up and farmers are busy with spring work, and these two factors also tend to deter purchases at retail. Jobbing trade lacks snap, because merchants everywhere are inclined to buy for present needs only. In some special lines reduced prices have attracted trade, but it is evident that declining prices similar to high prices a year ago, together with other elements, tend to make for uncertainty, tend to encourage buyers to wait for still lower quotations, to wait for further bargains, and to travel men are not doing much in the way of booking orders, but in particular instances distant business is cropping up."

OLD HOMESTEAD ACTOR IS DEAD

Denman Thompson Meets End After Long Illness.

West Swaney, N. H., April 14.—One of the oldest and best known actors in America, Denman Thompson, the man who made "The Old Homestead" famous, died at his country estate in West Swaney early to-day. Mr. Thompson had been ill of heart trouble and uremia since last month.

Henry Denman Thompson was born in a log cabin in the hamlet of Beechwood, three miles from Girard, Pa., on October 15, 1831.

Two years previous his father, Capt. Rufus Thompson, had left West Swaney, which in later years this boy of the wilderness was to make a household word as the setting for "The Old Homestead."

At the Boston Theater in 1856 "The Old Homestead" was first produced, and it had a continual run since that time. Until a few years ago Mr. Thompson traveled constantly with the company, but as the weight of years bore more heavily upon him he was persuaded to give up all but the principal cities to an understudy, and finally to quit altogether.

CLARK BREAKING DOWN OPPOSITION

Speaker Seeks to Appease Democratic Insurgents.

An incident that marked the close of yesterday's session in the House illustrates the determination of the House Democrats to maintain harmony. Immediately upon the passage of the Rucker campaign publicity bill, Representative Underwood, chairman of the Ways and Means Committee, moved that the House resolve itself into Committee of the Whole for the consideration of the Canadian trade agreement. The motion was adopted.

"The gentleman from Kentucky, Mr. Sherley, will take the chair," announced Speaker Clark. As Representative Sherley proceeded to the rostrum there was applause.

Representative Sherley is one of the so-called Democratic insurgents. He has fought the Clark organization. All the members of the House know that Mr. Sherley had formerly been identified with the anti-Clark movement among the Democrats, and all comprehended the purpose that was in the mind of the Speaker when the invitation was extended to him to preside over the House in debate on the Canadian bill.

The Canadian agreement is now formally before the House. The measure will be debated, to-day, Monday, and possibly Tuesday, and then passed. The report on the measure has been filed by Chairman Underwood.

Several Indictments Returned. The grand jury has returned the following indictments: Arthur MacArthur Washburn, bigamy; Albert Cutler, alias John Williams, housebreaking and larceny; John Newton, depredation on private property; William Lee, cruelty to children and assault; Joseph H. Poore, assault with dangerous weapon; George H. Armstrong, non-support of wife and minor child; Frederick D. Quick, non-support of wife and minor child; Leroy Hawkins, larceny from United States; Charles Davis, alias William Johnson, housebreaking, and Charles Middleton, housebreaking.

Tries to Commit Suicide. William Evans, forty years old, who said he came from New York, took a dose of iodine at an early hour this morning in the hallway of a rooming house at 343 Pennsylvania avenue. He was found unconscious by the night clerk, William Kemp, on the floor near his room. He was removed to Casualty Hospital. His condition is not serious.

An Easter Day Trip. A delightful jaunt for Easter Day is a trolley trip to Zoological Park, Chevy Chase, and Kensington, passing the finest scenery, most fashionable suburbs and country clubs of Washington. Rock Creek Valley is crossed twice, first at a high elevation, giving an extended view of the valley and the Connecticut avenue bridge, again through the meadows of Rock Creek farms, on private right-of-way, across country remote from the dust and noise of the city. From Kensington to Garrett Park and return is a delightful walk along the Baltimore and Ohio Railroad and over Rock Creek, where it is a narrow and picturesque brook.

Comte Opera Singer Dead. Paris, April 14.—Anna Judé, the famous comic opera singer, died here to-day at the age of sixty-one.

New York, April 14.—R. G. Dun & Co.'s weekly review of trade to-morrow will say:

"The trade movement is disappointingly slow, notwithstanding the fundamental sound industrial and agricultural conditions. The earlier outlook of the year for increased activity has not been confirmed and reports from the largest centers are of recession rather than of progress.

"Yet so great are the daily needs of this immense nation that the volume of transactions is larger than the tone of the market reports would indicate. Outside of New York this volume of trade, as measured by bank clearings, is only 15 per cent less than last year, while it is 8.5 per cent larger than in 1908. But as speculation is more depressed than for many years the clearings in New York are 11.1 per cent under those of 1910 and 0.2 per cent less than in 1909. Railroad earnings in the first week of April increased 1.5 per cent over last year. The dry goods markets are also quiet with continued cotton mills curtailment and with the wool trade affected by talk of tariff improvement. The shoe trade is somewhat improved.

"Commercial failures this week in the United States are 24 against 23 last week, 24 the preceding week, and 24 the corresponding week in 1910. In Canada number 22, against 31 last week, 23 the preceding week, and 22 last year."

BID FOR BONDS.

Investors Rush to Buy New York State Paper.

Albany, N. Y., April 14.—The most successful sale of bonds ever held by the State of New York took place to-day, at which there were 115 bidders for \$10,000,000 in 4 per cent State canal bonds, with an aggregate of bids amounting to nearly \$11,000,000. The bids were opened by State Comptroller Bohmer. The bonds were sold at a little better than 104.30.

TAG SUPPLY RUNS SHORT.

Another Consignment Will Be Received on April 24.

The demand for tags required on all wagons used for business purposes has resulted in Permit Clerk H. M. Woodward stopping the issue until about April 24, when a new supply will arrive. There have been about 11,000 issued so far.

Mr. Woodward said yesterday he feared the issue of 3,000 tags would not be sufficient to meet the demand.

BALTIMORE PRODUCE MARKET.

Baltimore, April 14.—BUTTER—Creamery, fancy, per lb., 25c; do, choice, 24c; do, good, 23c; do, extra, 22c; do, medium, 21c; do, low, 20c; do, inferior, 19c; do, poorest, 18c; do, refuse, 17c; do, off, 16c; do, off, 15c; do, off, 14c; do, off, 13c; do, off, 12c; do, off, 11c; do, off, 10c; do, off, 9c; do, off, 8c; do, off, 7c; do, off, 6c; do, off, 5c; do, off, 4c; do, off, 3c; do, off, 2c; do, off, 1c; do, off, 0c.
